

## BUILDING — *Relationships* — FOR 50 YEARS

*Providing design solutions and consulting to national, regional and local restaurants, hotels, healthcare facilities, military establishments, government facilities and educational institutions, just to name a few.*

## *Design*

*DRS designs are done with your budget in mind. Well before any design is completed, equipment budgets and models are submitted for approval. We approach every project like we are spending our own money. We want our customers to get the most from their investment.*

NASHVILLE

- › We utilize state-of-the-art computer systems and software for drafting and design.
- › We can create anything from a carry-out deli to a cook-and-chill kitchen, serving thousands of meals daily.
- › We work with your architects and design staff to create efficient facilities.
- › The designs we create are well thought out, allowing for optimum operational flow utilizing linear feet and vertical space as needed.

# Consulting

*DRS Foodservice Design provides consulting services to clients, as we realize every successful concept starts with a firm foundation. When you have a new project in mind, it's important to have someone who can take your ideas from the back of a napkin to a detailed blueprint.*

- › We offer solid, creative input based on years of industry knowledge.
- › Along with providing our culinary inspired designs and specifications, we can assist you in the overall coordination of your foodservice project.
- › We can work on your new construction projects or existing location remodels. Perhaps, helping you adapt to menu rollouts or the use of new cooking technology.
